

# Flowerpots

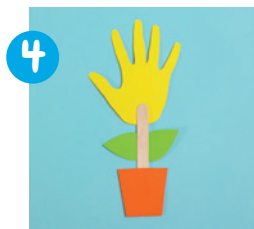

**1** **Trace** your child's handprint on the cardstock and cut their handprint out. For each flowerpot you create, you will need 1 handprint.

**2** **Print out** the template for the leaves and flowerpots onto the cardstock and cut them out.

**3** **Glue** a flowerpot to the bottom of a popsicle stick. **Flip it over** and fold and glue the second pot.

**4** Place one **Kinder Chocolate bar** onto the popsicle stick and wrap a rubber band around it tightly.

**5** **Glue** 2 leaves to the back of your popsicle stick. Then, glue the handprint flower to the top of the popsicle stick.

## You Need:

Kinder Chocolate

Cardstock OR paper (coloured)

Jumbo popsicle sticks

Scissors

Glue
